Example of enumeration and itemization

- 1. item 1.
 - item 1.
 - item 2.
- 2. item 2.

Referencing figure and tables

Table [1](#) is a table showing

probability	time cost (min)
0.450	1
0.657	2
0.851	3
0.927	4
0.958	5
0.971	6
0.979	7
0.992	8
0.995	9
0.995	10

Table 1: Probabilities of mapper finishing startup before certain time period has elapsed

Figure [1a](#) is showing how to referencing a figure.
Figure [1b](#) is showing a breakdown of

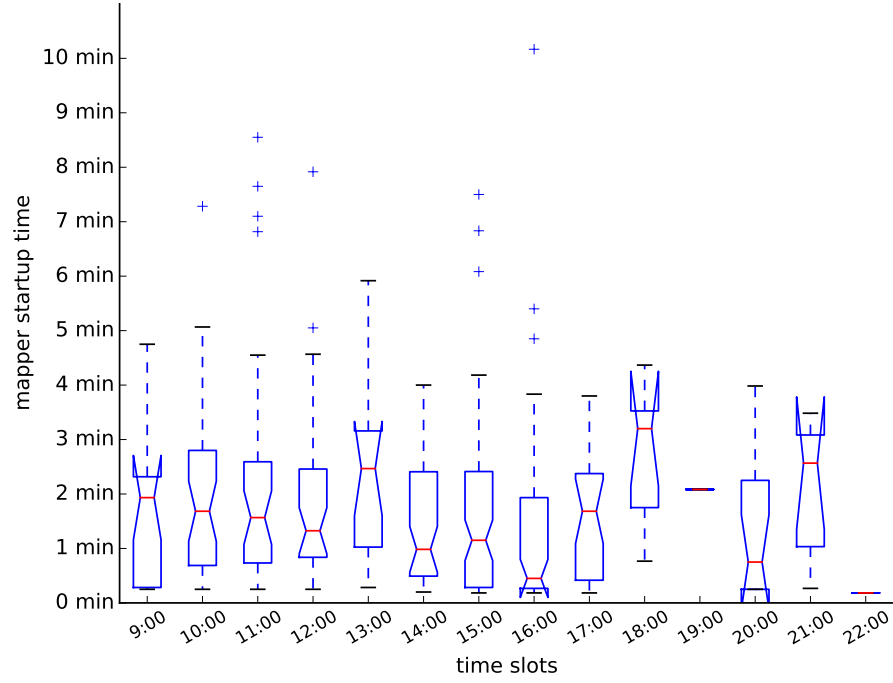

Footnotes

The chance of mapper takes longer than 10 min to finish startup is $< 0.005\%$ ¹.
